

## **REDAWEG 74, ST MICHEL, CURACAO**

On one of the most beautiful places in Curacao, we offer this property for rent. 7748 km from Amsterdam and 1913 km from Miami. Visitors may use their own sign on the pole behind.

The house is on the side of town (not a tourist center). Within 10 minutes you are in downtown Willemstad. At 5 minutes away is a large supermarket. And right in front of (private staircase to the Pacific Ocean) is one of the top dive sites (Snake Bay) Curacao. The house is on the rocks "directly" to the sea. With a terrace "above" the sea. From the terrace you go with a stairway to the sea where you can snorkel and dive. 50 meters next to the house you can reach the sea from a small beach (especially as a dive site) so you dive into the sea can easily bottles.

The house is best described as an authentic and cozy home. There are 3 bedrooms, 2 bathrooms, living room, kitchen and utility room. But the real home is outside. The terraces are unique and therefore you live mostly outdoors.

### *Transfer and car*

At arrival at the airport in Curacao Hato taxis are always available. It takes about 15 minutes to reach the house and the taxi costs about \$ 25, - to \$ 35, -.

At the airport several car rental companies are present like Hertz, Avis and Budget . Through the internet you can reserve a car in advance and pick up immediately.

### *Cleaning*

The house will be cleaned by Sharon Bartley. Sharon is taking care of the house and garden for more than 16 years now. She will be there for 3 times a week for 3 hours but sometimes more. Only week days, not in the weekend. Sometimes in the morning at 7.00 hours. Sometime in the afternoon at about 15.00 hours. She does also the laundry and makes the beds when she is there (there is a washing machine in the house).

For some people Sharon is a perfect caretaker to make their holliday even more relaxed. Others like more privacy and take less use of her service. You can make your own appointments with her as suits the best for yiu. The costs are included in the rent. Less use doesn't lead to a discount.

### *Diving*

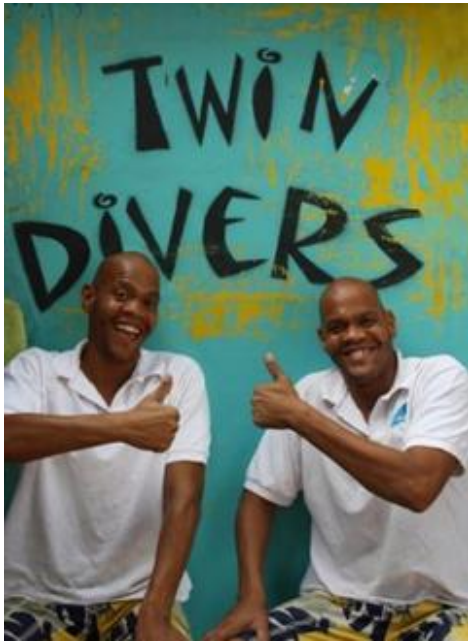

Curacao is a true dive paradise. Directly before the house is one of the 80 dive spots on the island! The house is located right on "snake bay". Don't worry..... no snakes. Well murenes, all kinds of tropical fishes and 30 meters from the house a seahorse lives!

For snorkeling this is a beautiful place as well. Taking a snorkeling tour straight from ones bed is a daily task for most guests.

### **Twin Divers**

On Sun Reef is a diving school situated where our guests can make use of naturally. In addition, many guests use the services of Kurt and Mark Twin Divers. They come to the house with all the stuff and know the best dive spots on the island. They are PADI certified and you can report all requests to them. Trial Diving, Padi pick, pick Advanced, night dives, wreck dives, and more. Nice tip is a night dive right in front of the house!

#### Slangenbaai

#### Omschrijving

Deze duiklocatie vind je bij Wedervoort Apartments in St.Michiel. Vanaf de appartementen loopt een steil pad naar een smal strand, dat voornamelijk uit rotsen en koraalpuin bestaat. Neem om het water in te gaan niet de "boat ramp", die is door algengroei erg glad geworden. De zee is hier over het algemeen rustig, bij stevige wind is er veel golfslag, en in dat geval is de stroming in noordwestelijke richting ook om rekening mee te houden.

Tot aan de drop-off bestaat de bodem uit een zandplateau met hier en daar een koraalformatie. Op het plateau zijn vaak zandalen te vinden, waar de naam van de locatie ook aan relateert (wees dus maar niet bang voor slangen...). De drop-off begint op een diepte van ongeveer 9 meter en loopt vrij steil door tot meer dan 40 meter. Zorg dat je oog hebt voor het kleine onderwaterleven, maar de kans op scholen grotere vissen (tonijn, barracuda's en jackvissen) is ook groot.

Duik type:	
Geschiktheid:	locatie geschikt voor alle niveaus, goede snorkel locatie voor alle niveaus
Fotografie:	close-up en wide angle
Zicht onderwater:	gemiddeld tussen 20 en 35m
Stroming	weinig of geen stroming
Dive & drive map:	36

*For conclusion .....*

The evenings are maybe the most beautiful thing on Curacao at the seaside villa.
